

PADI Advanced Open Water Diver

Exploration, experience and improvement; that is what the **PADI Advanced Open Water Diver course** represents! You don't need to be an experienced diver to take this course; This course is designed to make you become an advanced diver.

The PADI Advanced Open Water Diver at **Evasioni Blu Diving Ustica - Palermo (Sicily)**, helps you get more out of diving by introducing yourself to new types of diving adventures while improving your diving skills. It's a great opportunity to work with your PADI Instructor to improve your diving skills and become a safer diver.

PADI Advanced Open Water Diver Program

During the PADI Advanced Open Water Diver course you will learn the practical and physiological aspects of **deep diving**, how to navigate using the underwater compass and dive computer, finning techniques and the use of visual references. In addition, during your PADI Advanced Open Water Diver course you will learn what you prefer to learn by choosing your three adventure dives yourself. For example, do you want to improve your buoyancy skills? Try the *Peak Performance Buoyancy* adventure dive.

The PADI Advanced Open Water Diver course consists of three main parts:

1. Knowledge development of adventure diving to understand the basic principles of this type of diving.
2. Deep diving and underwater navigation dives.
3. Three dives of your choice in open water.* Choose your three adventure dives from the following:
 - *AWARE Dive Against Debris*;
 - *Boat Diver*;
 - *Drift Diver*;
 - *Dry Suit Diver*;
 - *Fish Identification*;
 - *Night Diver*;
 - *Peak Performance Buoyancy*;
 - *Search and Recovery*;
 - *Wreck Diver (wreck diving)*.
