

PADI Digital Underwater Photographer

Take photos of your **diving experience**. This course teaches you the basic techniques of **underwater photography** to take interesting and fun underwater photos while diving. Sign up for a **PADI Digital Underwater Photographer course** with **Evasioni Blu Diving Ustica - Palermo (Sicily)**.

PADI Digital Underwater Photographer Program

What you will learn during your PADI Digital Underwater Photographer course:

- The different types of digital cameras and underwater camera lights a diver can use
- How to perform maintenance on camera systems
- Photography techniques and the PADI SEA method (Shoot, Examine, Adjust) to take good quality photos by following simple steps
- Underwater compositions
- How to edit your images to make them optimal after the dive

The PADI Digital Underwater Photographer course is divided into two main parts:

1. Knowledge development (individual and classroom study)
2. Two open water dives to practice underwater photography skills

PADI Digital Underwater Photographer Prerequisites

(Junior) Open Water Diver.

Credit/Certification PADI Digital Underwater Photographer

By completing your course you will receive your **PADI Digital Underwater Photographer specialty certification**. This certification can be credited as an adventure dive for your *PADI Adventure Diver* or *PADI Advanced Open Water Diver* course.
