

# PADI Fish Identification

"What fish was that?" Recognizing what swims and lives under water while diving is a fun experience for anyone with an interest in marine life. This course focuses on the identification of fish families. Join a ***PADI Fish Identification course*** with **Evasioni Blu Diving Ustica - Palermo ( Sicily )**.

## PADI Fish Identification Program

What you will learn during your PADI Fish Identification course:

- The families of fish found in the Mediterranean Sea
- The characteristics of these families and species of fish
- Techniques and strategies to recognize them
- How to **protect marine life** with Project AWARE

The PADI Fish Identification course is divided into two main parts:

1. Knowledge development (individual and classroom study).
2. Two dives in open water to put into practice the skills of fish recognition

## PADI Fish Identification Prerequisites

*(Junior) Open Water Diver.*

## Credit/Certification PADI Fish Identification

By completing your course you will receive your **PADI Fish Identification specialty certification**. This certification can be credited as an adventure dive for your *PADI Adventure Diver* or *PADI Advanced Open Water Diver* course.
